PRODUCT DATA SHEET

Description: StabilLife™ is a patented, ready to eat (RTE), clean label, concentrated source of bioactive compounds that support overall health and wellness. Third Party proprietary Epigenetic laboratory testing data shows positive activity of these compounds in support of healthy aging. Beyond great taste, smoothness, and sweetness, this food ingredient offers balanced nutrition, functionality, and a potent combination of antioxidants. StabilLife™ is water dispersible, an excellent emulsifier and presents well in beverages, food, and supplements.
